Education

Bachelor of Commerce(B.COM)
The Bhawanipur Education Society College, University of Calcutta
Year of Graduation - 2023
Major: Accountancy and Finance
CGPA - 7.6

Technical Skills

- Microsoft Excel
- SQL
- Python
- Data Visualization
- Tableau
- Power BI
- Data Analysis
- Machine Learning (Supervised Learning)
- JavaScript (Learning)

Interpersonal Skills

- Critical Thinking
- Attention To Detail
- Team Collaboration
- Communication Skills
- Problem Solving
- Adaptability
- Continous Learning

Experience

RDugar&Associates | Kolkata, West Bengal **(June 2025 - July 2025)**
Associate Accountant

- Automated linking of 50+ files to Excel serial numbers using Python, reducing manual effort by 2–4 hours weekly.
- Handled data entry and reconciliation in Tally Prime to maintain accurate financial records.
- Assisted in preparing insolvency-related documentation, standardizing data handling for compliance.

IvyProfessional School | Kolkata, West Bengal **(July 2024 - August 2024)**
SQL Intern

- Solved 10 real-world SQL problems using joins, CTEs, subqueries, and window functions to analyze data and deliver insights.
- Developed and optimized complex SQL queries to improve query performance, streamline data retrieval, and support reporting/BI use cases.

Projects

NetflixContent Analysis (2008 - 2021)

- Analyzed Netflix content trends using Python (pandas, matplotlib, seaborn) to uncover genre popularity and release patterns.
- Developed interactive dashboards to visualize content growth, with peak trends observed from 2015-2020, especially in 2019-2020
- Identified International Movies and Dramas as dominant genres, with an average duration of 110 minutes, and themes like love and family rising in prominence.

Global Plastic Waste Analysis (2023)

- Analyzed global plastic waste data from 169 countries using Python (pandas, seaborn, plotly, geopandas, folium).
- Developed an interactive Streamlit dashboard highlighting top waste producers, poor recycling rates, and 45% coastal risk zones.
- Revealed that 59% of global plastic waste comes from just three countries (China, U.S. India),emphasizing the need for targeted policies in major waste-producing regions.

Certifications

- SQL For Data Science by UC DAVIS(COURSERA) (2023)
- Python for Data Science, AI & Development by IBM (COURSERA) (2024)
- Tableau (Ivy Pro School) (2024)
- Stanford University's Code in Place (2024)
- Data Science & Machine Learning Certification (NASSCOM – Ivy Professional School) (2025)
